

To Whom it May Concern:

I am pleased to write this letter of recommendation for Jayla Frasz. I have had the pleasure of teaching Jayla for a Foods Class as well as her English Language Arts class. Jayla's time at Dr. Martin LeBoldus Catholic High School and in my classes was extremely successful. To begin, Ms. Frasz possesses a list of positive traits. She is passionate about the work she does, as well as flexible, honest and genuine when it comes to those around her. The maturity she exudes is astonishing.

Being able to teach Jayla within the classroom multiple times has allowed me to gain an understanding for the commitment and quality to the work she is able to produce. Jayla has always been a joy to be around in terms of social interaction, yet extremely hardworking and focused. I can honestly say that I have yet to encounter another student who was as determined as Jayla. Jayla is constantly looking for feedback and ways to improve her comprehension and understanding as well as eager to learn, a skill that will take her far in his future career and life in general. I can always count on Jayla to have her work done, to be part of group discussions and not scared to share her opinions in class.

In conclusion, I truly believe Jayla Frasz is the perfect fit for any class or team. Bright, eager and oozing with potential, yet possessing great humility, she has the opportunity to have a very bright future. Accordingly, it is on Jayla's behalf that I extend my highest, personal recommendation.

Sincerely,

A handwritten signature in black ink, consisting of a series of loops and a horizontal line, positioned to the right of the word "Sincerely,".

Hannah Paul

B.Ed, Food Studies, English Language Arts Teacher
